

Washing-up Liquid

0

Description:

Highly concentrated, high foaming washing-up liquid for manual use. The product can be used multiple times a day.

Application:

Ecodos Washing-up Liquid is suitable for manual washing of all dishes such as, pots, pans, cutting boards, water-resistant appliances etc. The product is perfume and colour free and has no added preservatives, but does have skin protective ingredients so it is very mild for the skin and avoids allergic reactions. Washing-up Liquid is not suitable as soaking agent.

Usage and dosage:

Dose by way of Ecodos Easy.

Manual dishwashing:

Dose 0,5 ml of product per litre of lukewarm water in a sink. Do not keep the tap running, but submerge the dishes.

Technical features:

Colour:	White
Scent:	Unscented
pH-value concentrate:	7,0
Composition:	Based on raw material from renewable origin. The product is biodegradable according the European Detergent Regulation (EC 648/2004).

Packaging:

Bag 1.5 litre: 2 pieces in a box

Safety and storage:

For more information regarding storage, transportation and safety we refer you to the Safety Data Sheet.
